

RIB RAIDER™
STYLE - YRR

0.48 m Low-Profile | End-Fed VHF Antenna

Shakespeare® YRR is a compact, marine VHF antenna that combines a low-profile design with dependable VHF communication performance. At just 0.48 m in length, its lightweight and low-windage features provide a practical solution for short range communications.

YRR features a stainless-steel whip, coiled for added rigidity, and an O-ring-sealed base for dependable protection against the marine environment. A solderless connector system in the base allows the cable to be easily removed when required. 8 m of removable RG58 cable, a loose PL-259 connector, and a right-angle mounting bracket are supplied to provide a convenient ready-to-install kit.

Designed to avoid snagging and excessive whip action, ideal for RIBs and high speed craft.

SHAKESPEARE®

Low-Profile | End-Fed VHF Antenna

APPLICATIONS:

- Rigid Inflatable Boats
- High Speed Craft Boats

FEATURES/BENEFITS:

- Reliable VHF communication - features 1 dB gain and 6 MHz bandwidth for dependable marine communications
- Compact, lightweight, low-windage design
- PL-259 lose connector, R/A mounting bracket, and 8m RG58 removable cable included for convenient installation
- Omnidirectional radiation pattern provides 360° coverage
- Vertical polarization, and 50-ohm impedance for compatibility with standard VHF system
- 50 W power rating for dependable operation

SPECIFICATIONS:

Model Number	Description	Height	Frequency (MHz)	Gain (dB)	Included Mount
YRR	VHF 1DB 0.48M S/S V-TRONIX Raider Antenna, 8M RG58, PL259 Connector, L Bracket, 156-162 MHz	.48 m	156-162MHz VSWR <1.5:1 (at resonant point)	1	R/A mounting bracket
