# RV 120
## STYLE - 427-S

*1.5m Fibreglass VHF Antenna w/Nylon Ratchet Mount*

Shakespeare® 427-S is a durable marine VHF antenna featuring a smooth, gloss-finished white fibreglass tube for a clean appearance. Designed for powerboats and workboats, it combines quality construction with dependable communication performance for demanding marine applications.

Brass and copper antenna elements provide extra performance, while the stainless-steel ferrule with a standard 1"-14 thread provides a durable mounting interface. 427-S is supplied as a convenient kit with 6 m of RG-58 cable, a nylon ratchet mount, and a PL-259 connector for straightforward installation. With 50 W power handling, 5 MHz bandwidth, and 3 dB gain, the 427-S is a practical solution.

SHAKESPEARE®

# *Fibreglass VHF Antenna w/ Nylon Ratchet Mount*

## APPLICATIONS:
